

## MOUNTING SUGGESTIONS:

### Harley-Davidson® Perewitz Signature Series FL 2008-up - Fender Bib

**Note: Mustang recommends removal of the fender bib before installing a passenger seat. Mounting a passenger seat over a fender bib may result in damage to the bib, poor seat alignment or other problems.**

#### Installation of Mustang fender bib:

1. Remove the seat from the motorcycle, and remove the solo's studded bracket from the fender.
2. Position the fender bib on the fender. Align the two holes at the front of the bib over the stud plate.
3. Secure rear of fender bib to the fender with the stock rear screw.
4. Re-install the studded bracket over the fender bib, ensuring the bib is adjusted as far forward as possible.
5. Re-install the seat.

Enjoy the custom look of your new Mustang fender bib!
